

# OUR WHISKEY STORY

**Our small batch, high proof, hand crafted Whiskeys are distilled and aged right here in Wylie, Texas. All of our ingredients are sourced from Texas farms and the bourbon, rye, and single malt are aged for a minimum of 4 years in a new white oak barrel with a #2 char. We are “still” using the old 300 gallon copper pot still and column that has been in the Herman Marshall family for over 15 years now.**

**Attention to detail, quality local ingredients, patience, and lots of pride are the elements that have allowed us to thrive while boasting “the ADI silver and gold medal award winner in 2016 and 2017” and the dubious yet honorable titles of the “4th oldest distillery in Texas” and “Dallas County’s FIRST EVER distillery since prohibition ended in 1933!”**
